We are aware of how certification system works here, and thus we provide international certification companies, like you are, with a very high level of quality and consultancy.

Our core advantages are reasonable costs for such quality and effective timeframes because time is the biggest value for us!

1) Our status:

We provide core solutions and full support in English from an initial enquiry to the shipment of certificates to your office.

2) Our experience:

We are in the market for more than 10 years supporting and successfully conducting different projects for German, Korea, English, Italian, Spanish, Japanese, Chinese, Norwegian, Belgium, Canadian, American companies.

Main regulations we work with:

- EAC for ATEX equipment, autoparts, machinery, LVD, EMC, RoHS, PED (pressure equipment), PPE (personal protective equipment), clothing, cosmetics etc.;
- Telecom certification for wireless and radio products, RF approval, FSS notification;
- SRC (State Registration Certificate) for cosmetics and chemicals;
- Metrological certification (Pattern approval certificate);
- Medical registration;
- Fire safety certification.

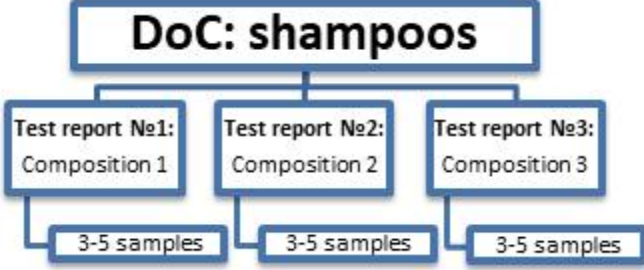

Local representative service is also available.

3) High quality of services:

For us it's very important to provide our clients with a high quality services in a friendly and professional manner! I'd also like to emphasize that each of our managers have a good command of at least two foreign languages. We invest our time in consulting.

4) Time:

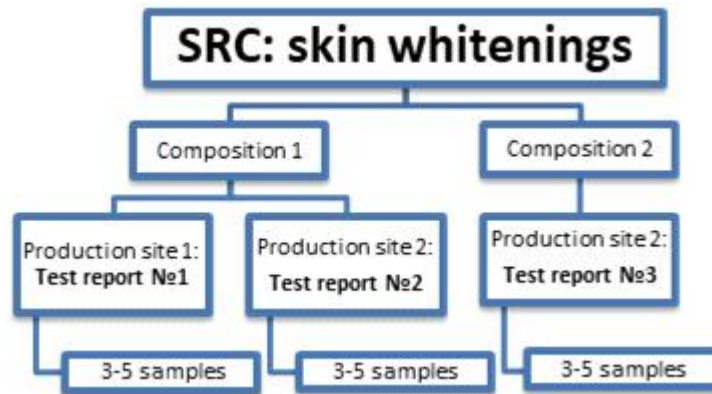

We save you time and efforts. Time is a great value now and we understand it. We react on a request very fast and try to process it as fast as possible. For EAC and Telecom it takes 1–5 days.
