| 회사 소개 및 특징 (COMPANY INTRODUCTION) | We Started our operations as Magna Opus Solutions in Aug 2009 and were incorporated as Magna-Opus Solutions Pvt. Ltd. in Dec 2013. We aim at an exceptional quality in our service delivery. Our client's expectations become ours, as we transform them into reality. Going beyond the contractual obligation, we aspire to deliver more than expected and aim for Client delight. Our Values We believe we will be successful if our clients are successful. We | | |

are a values-driven organization. For us this means to always abide by:

- Integrity- Behave as professionals and uphold ourselves to the highest standards of integrity.

- Confidentiality -We maintain Client confidentiality to ensure sensitive information is secured to protect clients business on products and new launches. We have strict protocols which are audited regularly by3rd party auditors. Trade secrecy is never compromised for this we have IT Data Protection, Compliance & Cyber Security policy.

- Transparency -Tell the truth as we see it so we stay independent and able to disagree, regardless of the popularity of our views or their effect on our fees. We have the courage to invent and champion unconventional solutions to problems. We do this to help build internal support, get to real issues, and reach practical recommendations.

- Teamwork - We operate as one team. We maintain consistently high standards for service and people so that we can always bring the best team of minds from around the world—with the broadest range of industry and functional experience—to bear on every engagement. We come to better answers in teams than as individuals. So we do not compete against each other. Instead, we share a structured problem solving approach, where all opinions and options are considered, researched, and analyzed carefully before recommendations are made. We give each other tireless support. We are fiercely dedicated to developing and coaching one another and our clients. Ours is a firm of leaders who want the freedom to do what they deduce is right in current scenario.

- Consistency - Maintaining high standards consistently and delivering best of our services cost effectively. Our vision is to be recognized as a company that provides superior regulatory support which helps our clients move from reactive compliance to strategic quality management and provide highly effective designing solutions which truly complement the marketing strategies of our esteemed clients and move towards total solution provider for FMCG & Health Care Industry.

Our Key Achievement We are proud to have been the first company to apply & register more than 650 cosmetic products for our MNC client setting a bench mark in the Cosmetic Industry.
